Fund guidelines 2017-18

**The London
Community
Foundation**

Fund guidelines

About the Fund

Peabody wants to ensure that London is a city of opportunity for all. In these tough economic times, they are investing more resources to provide more support to the people and communities they work with.

The London Community Foundation is delighted to again be managing the Peabody Community Grants funding programme in 2017-18. The Community Grants programme awards grants from £500 up to £5,000 to charities, resident and community organisations working for the benefit of people who live in the areas in which Peabody operates. In particular, we want to support Peabody residents.

About The London Community Foundation

The London Community Foundation (LCF) is an independent charity which specialises in supporting grassroots, community-based organisations focused on helping disadvantaged London. We do this by harnessing ideas and talents in the community to make progress on deep-rooted issues that can't be solved elsewhere, and achieve this primarily through our grantmaking. Unlike other Trusts and Foundations we do not just give out our 'own' money, rather we work with a range of donors, supporting predominantly small charities and community groups to tackle local issues.

For all application eligibility and process queries please contact LCF initially. LCF may refer you to Peabody's Community Investment Team if it is felt they can offer you more support. For support from LCF please contact the Programmes Team on:

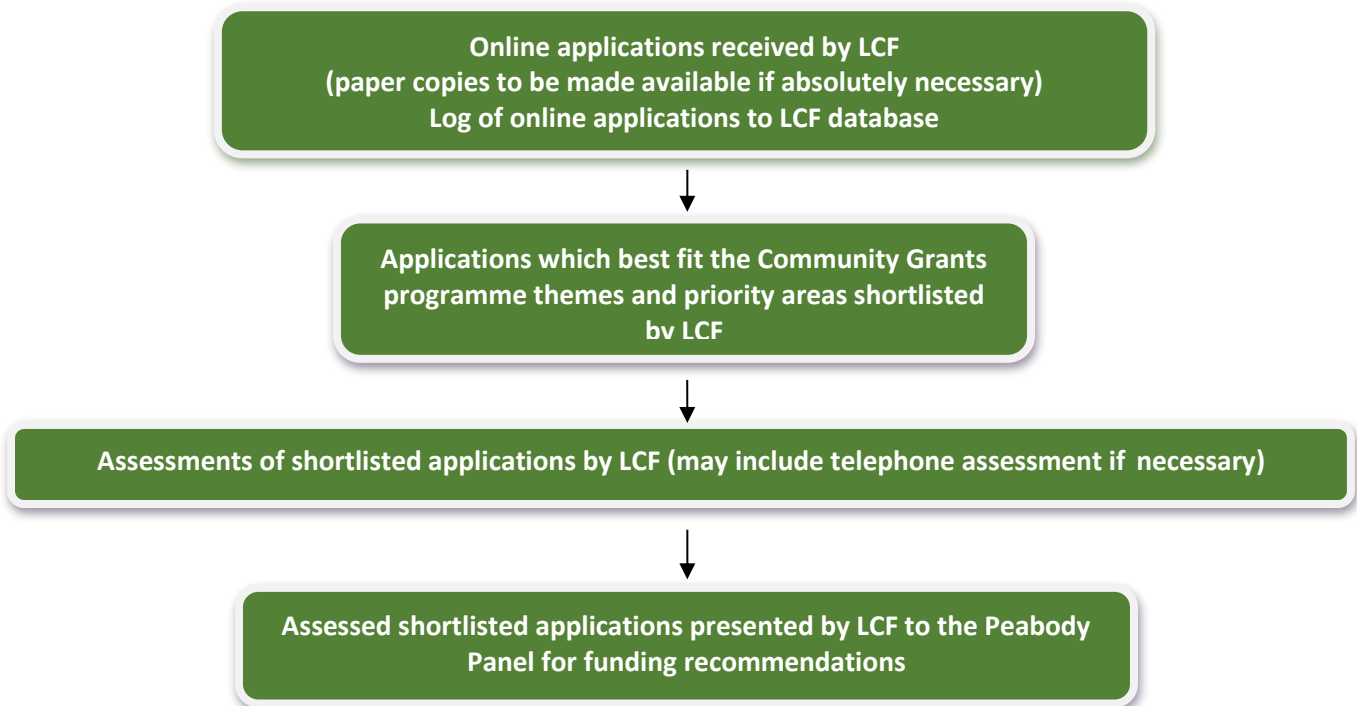

- **020 7582 5117** or email info@londoncf.org.uk

The Peabody Community Investment team will also be available to help Peabody resident groups who need support with any new ideas. For support from Peabody please contact the Community Investment Team on:

- **020 3828 4317** or email community.projects@peabody.org.uk

Fund Criteria

Funding decision process

Please note that organisations cannot apply for more than one grant within a 12 month period.

Criteria

Grants of between £500 and £5,000 are available for activities which improve the quality of life of Peabody residents by supporting local activities that meet 1 or more of the 3 **Fund Themes**, which are:

- Are responding to identified community need
- Bring communities together
- Promote wellbeing

The Fund is able to support activities benefitting residents of all ages and **priority will be given to:**

- Organisations/projects addressing the needs of the most disadvantaged members of the community
- **Peabody resident-led projects.** If an applicant organisation is not resident-led, they will need to demonstrate strong connections with local residents, strong partnership working in the locality, a commitment to the locality after the proposed project is complete, and a clear understanding of community needs
- **Youth led** projects up to the age of 24
- In 2017/18 organisations can apply for funding benefitting residents from any Peabody estates in London. However, we would particularly like to encourage applications for projects located in the following boroughs: **Haringey, Hillingdon, Redbridge** and **Wandsworth**
- There will also be **restricted funds** for projects supporting Peabody residents living in **Waltham Forest** and **Thamesmead** (on the Bexley/Greenwich boroughs border)

Activities must demonstrate the beneficiaries will be Peabody residents.

Examples of projects that might be funded include; however, this list is *not* exhaustive:

- After-school clubs and activities provision
- Sports, dance, creative arts, and leisure activities for young people
- Literacy and numeracy projects for children and young people
- Employment and training opportunities for young people or adults
- Advice and support for those who are vulnerable or marginalised
- Projects that promote community cohesion
- Activities promoting health & wellbeing for older people, i.e. exercise classes or befriending services
- Food banks, or projects that help to reduce poverty
- Projects which promote involvement in the local community, i.e. volunteering

Who can apply?

The following **not-for-profit organisations** are eligible to apply:

- Constituted community and resident groups
- Registered charities
- Companies limited by guarantee
- Social enterprises
- Community Interest Companies (CICs)
- Charitable Incorporated Organisations (CIOs)

Projects with no clear plan for how to benefit Peabody residents cannot be funded. If you are unsure whether your organisation is operating in a Peabody area, please contact the Peabody Community Investment Team to discuss your project before applying (contact details on page 1 of these Guidelines).

Applicants must:

- Be supporting Peabody residents. Applicants will be expected to have researched Peabody stock in the area (available via LCF and Peabody) and demonstrate that they have a clear strategy for engaging Peabody residents in their project
- Demonstrate that the proposal is in response to identified community need
- Have a minimum of 3 unrelated Management Committee members
- Have a Governing Document, i.e. a constitution or Memorandum & Articles
- Have a Bank Account in the name of the group, with at least 2 unrelated signatories – or provide details of another group who will be managing any grant awarded, with a copy of the partnership arrangement
- Have Annual Accounts, or for smaller groups, an Income and Expenditure Sheet for the most recent financial period. If a group is new with no previous income they will need to provide an Income & Expenditure forecast and a recent bank statement
- Have an annual income of less than £100,000. However, organisations with annual incomes of under £500,000 are eligible to apply if they have a proven track record of working with Peabody residents
- Have a Safeguarding Policy if working with young people under the age of 18, and/or working with vulnerable adults. Groups can contact us if they need help with this and we can also provide them with our guide on safeguarding policies. Groups will also need to have a DBS checks policy in place where required
- Have the relevant insurance in place, including public liability (if required) before delivering activities

Grant size

Grants of between £500 and £5,000 are available covering any costs relating to your proposed project. A maximum of £5,000 is available to any group within a financial year period (i.e. April-March).

Continuation Funding

Organisations awarded a grant previously by the Peabody Community Fund can apply for continuation funding for the same project or submit a request for new activities. Where asking for repeat funding, organisations are asked to demonstrate how the project will develop.

Depending on the number and quality of applications submitted to a funding round, previously or currently funded organisations may not be prioritised.

Living Wage Friendly Funder

The London Community Foundation is now a Living Wage Friendly Funder. This scheme, run by the Living Wage Foundation means that The London Community Foundation will actively encourage and support applications from organisations willing to pay staff the Living Wage (currently £10.20 in London), or higher. The London Community Foundation has been a Living Wage Employer for a number of years, and have decided to become a Friendly Funder in recognition of the hard work and commitment that the employees of the organisations we fund undertake.

These projects and organisations are a vital pillar of London's vibrant communities. Without the dedication and commitment of their employees, London would not be the great city it is. We believe passionately that, where possible, organisations should pay their staff at a level that they can live on, to ensure that the fantastic work of the Capital's community groups, charities and social enterprises can continue into the future. We hope that, eventually, all funders will sign up to the scheme and together we can work towards ending low pay in the community and voluntary sector in the UK.

While we are very proud of supporting the Living Wage, we do not want this to stop anyone applying for funding. If, for any reason, paying this level will not be possible for your organisation, please call and discuss the situation with us before making an application.

What does this mean for applicants?

If you are applying for funding any staff costs (this could include existing staff members, sessional workers, part time or full time posts, freelance workers) you should budget these at the Living Wage or above. We are sensitive to circumstances where organisations feel that taking up the Living Wage could cause difficulties, in these instances we suggest you call us on 020 7582 5117 to discuss your options before applying.

This does not require employers to pay the Living Wage to apprentices or interns although we recommend it as best practice for employers who can afford to do so. Many accredited employers have chosen to extend the requirement to apprentices and interns.

Currently the Living Wage is £8.75 per hour outside London and £10.20 in London.

You can learn more about The Living Wage by clicking [here](http://www.livingwage.org.uk/what-living-wage). (<http://www.livingwage.org.uk/what-living-wage>). You can find out more about The Living Wage Friendly Funder Scheme by clicking [here](http://www.livingwage.org.uk/aboutfriendlyfunders). (<http://www.livingwage.org.uk/aboutfriendlyfunders>)

What is the Living Wage?

The Living Wage is an hourly rate which is set independently and updated in November each year by The Living Wage Foundation. It is calculated according to the basic cost of living in the UK. The current Living Wage for the UK is £8.75 and the London Living Wage is £10.20. **Please note this is different to the national living wage announced in the government's 2015 budget.**

How will paying the Living Wage affect posts?

Paying at least the living wage applies to all posts, including existing roles, new roles, sessional and freelance workers (it does not need to apply to apprentices but we encourage groups to pay a Living Wage) that are funded by one of our grants. If The London Community Foundation is part-funding posts, we will pay at least the Living Wage on the part we are funding. Further to this, if you feel you are unable to afford to pay a worker at Living Wage please do not hesitate to contact us to discuss the matter further.

Do we have to pay The Living Wage across the organisation or be an accredited Living Wage employer to apply?

You do not have to be an accredited Living Wage employer to apply for funding or pay a Living Wage to all of your staff to apply for this funding. We strongly encourage you to consider Living Wage Accreditation if you are in a position to do so. For more information about what this means, please call us, or speak directly to The Living Wage Foundation.

What can't be funded through this programme?

- Local Authorities
- Any party political activity
- Purely commercial ventures (for profit)
- Spending that has already taken place (i.e. retrospective funding)
- Individual sponsorship
- Activities promoting religious beliefs
- Activities where people are excluded on religious grounds
- Activities where people are excluded on the basis of religion, sexual orientation, gender (unless the issue being dealt with is gender-specific), ethnicity
- Organisations with overdue or incomplete monitoring on a previous grant from The London Community Foundation and/or Peabody

Monitoring and evaluation

Groups in receipt of a grant will be required to complete a short form outlining how the grant was spent and highlighting the benefits for residents. You will be provided with the link to the online form when your project is close to finishing.

Monitoring and evaluating the projects funded by our grants enables your group and us to better understand the impact of the grant. It helps us to more fully understand community needs, enables your group and us to learn from your project and can also help you put together information that can help to inform future plans.

It is also recommended that organisations should collect valuable information on how people benefit from your work, what works and what doesn't, how you can make your services more effective, and also demonstrate to future funders the value of your work. Further information and tips on monitoring your work, there are several useful websites, such as <https://knowhownonprofit.org/organisation/impact> and <http://www.evaluation.org.uk/>

- Ensure your budget section has a clear breakdown of all the costs associated with your project
- Get somebody to read through the application before sending, preferably someone who knows nothing about the project. This is a great way to pick up on any mistakes or lack of information and rectify it before submitting
