Section 3 IMPACT

As part of the Community Foundation Network, we measure impact on all of our programmes using an impact framework. Please answer the below based on the impact you think your project will have at the end of the funded period. The answers you'll be providing are your best estimate of how many people/hours etc. you will have reached at the end of the year(s).

By setting these numbers realistically at the beginning and gathering evidence throughout the life of the funded project, by the end of the year you will be able to clearly show the impact this project has had.

There are six themes to choose from for this IMPACT framework:

- Improve people's life skills, employability and enterprise - We want to support a thriving city that creates opportunities for people to fulfil their potential, to become more self-sufficient and to build their confidence.
- Maximise people's ability to strengthen community cohesion and build social capacity - We want to strengthen and connect local organisations and improve local facilities so that people can live happier lives alongside each other.
- Promote reduction of isolation and disadvantage and access to services - We want people to be connected in their local communities and to their local services, so everyone has a chance to be included.
- Advance people's physical and mental health, wellbeing and safety - We want people to feel safe and connected in their communities, and to have more opportunities to improve their physical and mental health.
- Connect people with the arts culture and heritage - We want to create a city that values and takes pride in the excellence and diversity of arts and culture, where everyone feels encouraged to participate, and their efforts create a lasting legacy.
- Transform people's access to, and engagement with, their environment - We want to create a city that promotes and creates a safer, healthier, and more sustainable environment, where people in urban areas feel free and welcome to access community spaces.

When applying you have to choose TWO outcomes to report on, which will need to be linked to one of the IMPACT themes. The others can be any of the other outcomes listed. You will also have to choose up to three indicators per outcome to report on and set targets that you think you will achieve over the life of the project.
