About the Peabody Community Fund

Peabody wants to ensure that London is a city of opportunity for all. In these tough economic times, they are investing more resources to provide more support to the people and communities they work with.

In 2019/20, the Peabody Community Fund received 130 applications across the two funding rounds requesting £2.3million. In total, 38 grants were awarded and £655,982 was allocated.

The London Community Foundation is, once again, delighted to be managing the Peabody Community Grants funding programme in 2021/22. The Peabody Community Fund (PCF) awards grants to charities, resident and community organisations working for the benefit of people who live in the areas in which Peabody operates. In particular, we want to support Peabody residents, and already this year, Peabody have awarded over £260,000 in a special PCF round allocated through the London Community Response Fund.

There is a grants budget of around £500,000 remaining over the next two funding rounds. The budget will include £25,000 restricted to projects in Waltham Forest.

There will be two tiers of applications as follows:

- Grants of up to £10,000 per year for 2 years (maximum of £20,000 in total) for organisations with an annual income of £250,000 or less.
- Grants of up to £15,000 per year for 2 years (maximum of £30,000 in total) for organisations with an annual income of between £250,001 and £500,000.

About The London Community Foundation

The London Community Foundation (LCF) is an independent charity which specialises in supporting grassroots, community-based organisations focused on helping disadvantaged London. We do this by harnessing ideas and talents in the community to make progress on deep-rooted issues that can't be solved elsewhere, and achieve this primarily through our grantmaking. Unlike other Trusts and Foundations we do not just give out our 'own' money, rather we work with a range of donors, supporting predominantly small charities and community groups to tackle local issues.

For all application eligibility and process queries please contact LCF initially. LCF may refer you to Peabody's Community Team if it is felt they can offer you more support. For support from LCF please contact the Programmes Team on:

- 020 7582 5117 or e-mail info@londoncf.org.uk

The Peabody Community Team are keen to help groups develop their applications and ideas. Please contact the Peabody team at the e-mail address below:

Fund Criteria

Grants are available to fund local activities which improve the quality of life of Peabody residents and the wider community. Projects must align with **one** or more of the three **fund themes**:

- **Healthy** – *helping people with their physical and mental wellbeing*
- **Wealthy** – *supporting people to become financially independent through employment, enterprise and education*
- **Happy** – *helping people make the most out of their lives through active citizenship, volunteering and community involvement*

The Fund aims to support **ongoing / regular activities** benefitting residents of all ages and **priority** will be given to:

- Organisations/projects addressing the needs of the **most disadvantaged** members of the community
- **Peabody resident-led projects**. If an applicant organisation is not resident-led, they will need to demonstrate strong connections with local residents, strong partnership working in the locality, a commitment to the locality after the proposed project is complete, and a clear understanding of community needs
- **Youth led projects** up to the age of 24
- There will also be **restricted funds** for projects supporting Peabody residents living in **Waltham Forest**
- The 8 **priority boroughs** for 2021/22 are: **Barnet, Hammersmith & Fulham, Haringey, Kensington & Chelsea, Lewisham, Newham, Wandsworth and Westminster**

Activities must demonstrate the beneficiaries will primarily be Peabody residents.

The Fund will also **prioritise** those **projects** which will run for a period of **at least 6 months**, such as a weekly club or activity.

Examples of projects that might be funded include; however, this list is *not* exhaustive:

- After-school clubs and activities provision
- Sports, dance, creative arts, and leisure activities for young people
- Literacy and numeracy projects for children and young people
- Employment and training opportunities for young people or adults

-
- Advice and support for those who are vulnerable or marginalised
 - Projects that promote community cohesion
 - Health & wellbeing activities for older people, i.e. exercise classes or befriending services
 - Food banks, or projects that help to reduce poverty
 - Projects which promote involvement in the local community, i.e. volunteering
 - New projects where a one or two-year grant could act as 'incubator funding' and the activities become sustainable at the end of the grant period

Project costs

Total project cost:

Organisations can request the total cost of the project from the Fund. However, the Fund will look favorably on those applications for projects which have received matched funding, or a contribution has already been raised towards the total cost.

Sessional costs:

The most common request received to the Fund is for funding of sessional workers to co-ordinate and run projects. The Fund encourages all posts to be paid at or above the London Living Wage (see page 9). However, when requesting funding for more specialist sessional posts, it is requested that the cost per hour should be reasonable, and discounted hourly rates negotiated where possible.

Costs which are not a priority for the fund:

- One-off events or activities. The Fund is keen to support projects which encourage longer-term participation and benefits, therefore one-off events or trips are not a priority.
- The Fund cannot contribute towards capital appeals. Requests which are solely for equipment or items are not a priority for the fund.

Grant size and project duration

Grants are available covering costs relating to your proposed project, and groups can request:

- Grants of up to £10,000 per year over 2 years* for organisations with an annual income of £250,000 or less.
- Grants of up to £15,000 per year over 2 years* for organisations with an annual income of between £250,001 and £500,000^.

*Applicant organisations have the option to either request 1 or 2-year funding – please note the maximum amount per year at different income levels above. Equally, organisations should apply for an amount they require to deliver their project, and would be comfortable in managing, if funded.

^Income threshold: applicant organisations must have an annual income of £500,000 or less.

Organisations can hold more than one live grant across all of Peabody's grant programmes simultaneously. Unsuccessful organisations can apply again to the next funding round, if eligible.

Continuation funding

Organisations awarded a grant previously by the Peabody Community Fund can apply for continuation funding for the same project or submit a request for new activities, once the previous grant has been fully reported on. Where asking for repeat funding, organisations are asked to demonstrate how the project will develop.

Depending on the number and quality of applications submitted to a funding round, previously or currently funded organisations may not be prioritised.

Who can apply?

The following **not-for-profit organisations** are eligible to apply:

- Constituted community and resident groups
- Registered charities
- Companies limited by guarantee
- Social enterprises
- Community Interest Companies (CICs) Limited by Guarantee – **not** CICs Limited by Shares
- Charitable Incorporated Organisations (CIOs)

Projects with no clear plan for how to benefit Peabody residents cannot be funded. If you are unsure whether your organisation is operating in a Peabody area, please contact the Peabody Community Team to discuss your project before applying (see contact details on page 3).

Applicants must:

- Be supporting Peabody residents. Applicants will be expected to have researched Peabody stock in the area (available via LCF and Peabody) and demonstrate that they have a clear strategy for engaging Peabody residents in their project
- Demonstrate that the proposal is in response to identified community need
- Have a minimum of 3 unrelated Trustees/Directors/Management Committee members
- Have a Governing Document, i.e. a constitution or Memorandum & Articles

- Have Annual Accounts, or for smaller groups, an Income and Expenditure Sheet for the most recent financial period. If a group is new with no previous income they will need to provide an Income & Expenditure forecast and a recent bank statement
- Have an annual income of £250,000 or less for grants of up to £10,000 per year or between £250,001 and £500,000 for awards of up to £15,000 per year
- Have a Safeguarding Policy if working with young people under the age of 18, and/or working with vulnerable adults. Groups can contact us if they need help with this and we can also provide them with our guide on safeguarding policies. Groups will also need to have a DBS checks policy in place where required
- Have the relevant insurance in place, including public liability (if required) before delivering activities

What can't be funded through the Peabody Community Fund?

- Local Authorities
- Any party political activity
- Purely commercial ventures (for profit)
- CICs Limited by Shares
- Spending that has already taken place (i.e. retrospective funding)

Closing dates for applications

There are two deadlines for returning your application form and all supporting documents in 2021/22, which are:

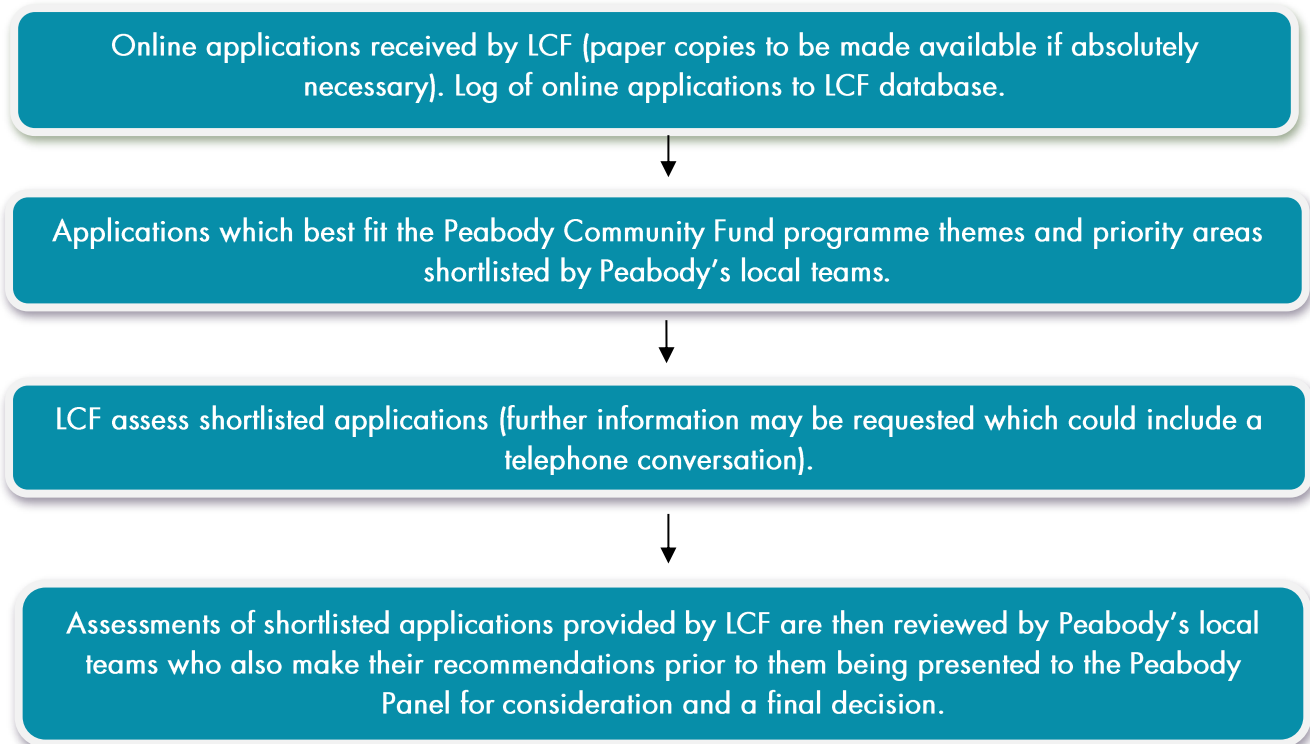

Closing date:	Projects can start from:	When you will hear the outcome by:
Wednesday 14 th July 2021 @ 12noon	October 2021	30 th September 2021
Friday 10 th December 2021 @ 12noon	Late March 2022	11 th March 2022

What happens next?

Applications which best fit the Peabody Community Fund programme themes and priority areas will be shortlisted by Peabody's local teams. Shortlisted applicants will then be contacted by a Programme Manager from The London Community Foundation for a conversation or to request additional information to find out more about your project.

Assessments of shortlisted applications provided by LCF will also be reviewed by Peabody's local teams who will make their recommendations ahead of them being presented to the Peabody Panel. Successful and unsuccessful applicants will be notified of the decision in writing. The Panel's decisions are final and cannot be appealed.

Funding Decision Process

Successful applicants and timetable for spending the grant

Successful applicants will have up to 12 months from the offer date to spend any grant awarded, and a further four weeks after this date to submit monitoring. Grants cannot cover activities taking place before any grant is awarded.

Celebrating your PCF award

Sharing stories of success from the Peabody Community Fund is key to inspiring more groups to make a difference in their communities and to highlight the great work that's already been done. The Peabody communications team would like to learn about funded projects and to capture their stories. With a grantee's permission they will then be shared on the Peabody website, intranet and potentially with local and national press.

Support from Peabody's local teams during the grant period

Peabody's local teams are keen to work closer with grantees and support the promotion and delivery of the funded project. Grantees will be provided with the name of a Peabody local team member to support their projects.

Monitoring and evaluation

Groups in receipt of a grant will be required to complete a form outlining how the grant was spent and highlighting the benefits for residents. You will be provided with the link to the online form when awarded funding and you will also be reminded when your project is close to finishing.

Organisations awarded two-year funding will be required to complete a short interim monitoring form which provides an update on the project's progress at the end of each year. Once a satisfactory interim report has been submitted, the next year's grant payment will be released.

Monitoring and evaluating the projects funded by our grants enables your group and us to better understand the impact of the grant. It helps us to more fully understand community needs, enables your group and us to learn from your project and can also help you put together information that can help to inform future plans.

It is also recommended that organisations should collect valuable information on how people benefit from your work, what works and what doesn't, how you can make your services more effective, and also demonstrate to future funders the value of your work. For further information and tips on monitoring your work, there are several useful websites, such as <https://knowhownonprofit.org/organisation/impact> and <http://www.evaluation.org.uk/>

Deadline for Applications

Please submit your online form and all supporting documents by:

Please do not hesitate to contact the programmes team if you would like to discuss your proposal prior to making an application, or if you need help with completing the form or providing the supporting documents.

Some top tips for top applications:

- Draft your responses before completing the online form
- Make sure that every question has been answered in full (the online form will prompt you)
- Ensure your budget section has a clear breakdown of all the costs associated with your project
- Get somebody to read through the application before sending, preferably someone who knows nothing about the project. This is a great way to pick up on any mistakes or lack of information, and rectify it before submitting

What happens next?

We aim to let you know the outcome of your application in around twelve weeks of the closing date. Successful applicants will have a maximum period of a year to spend the grant, with the monitoring report due within four weeks after the project has been completed.

Living Wage Funder

The London Community Foundation is a Living Wage Funder. This scheme, run by the Living Wage Foundation means that The London Community Foundation will actively encourage and support applications from organisations willing to pay staff the real Living Wage (currently £10.85 in London), or higher.

If you are applying for funding of any staff costs (this could include existing staff members, sessional workers, part-time or full-time posts, freelance workers) you should budget these at the Living Wage or above. We are sensitive to circumstances where applicants feel that taking up the Living Wage could cause difficulties, in these instances, please explain the circumstances in the Living Wage section of the application form. This does not require employers to pay the Living Wage to apprentices or interns although we recommend it as best practice for employers who can afford to do so.

You can learn more about The Living Wage Funder Scheme at <https://www.livingwage.org.uk/living-wage-funders>

Need help?
