## **Wimbledon Foundation Community Fund – Online Application Form Guidelines**

### ***PLEASE PRINT THESE OFF and READ BEFORE STARTING YOUR APPLICATION***

These are guidance notes to help you complete some of the key questions in the online application form for the Wimbledon Foundation Community Fund at The London Community Foundation.

#### **Tips:**

- You can also hover over the ⓘ symbol next to each question on the online form for help on how to respond.
- Each of the large text boxes will have a maximum word limit.
- Text boxes/fields marked with a red line need completing – without an answer you will not be able to submit your form.
- It is a good idea to draft your responses using a word processing programme such as Microsoft Word, so that you can check your spelling and word count as you go along. Please note: word and the application form treat word counts in different ways. For example Word counts B&YC as one word and the application form as three words.
- As you enter your information on the online form, remember to save your progress periodically by clicking on the  symbol on the right hand side, to prevent you from losing your work in case of internet issues.

### **Section 1: About Your Organisation**

#### **Organisation Name, Address and general contact information**

Please provide details of your organisation as it appears on any governing documents. If you are known by another name, please tell us about this as well. (Please put in Name known as xxxx in the answer box). Please include details of your website and any social media accounts you use.

#### **Main Contact Person**

Please provide details for the main person who we should contact in relation to this application. If you are shortlisted we will contact you to arrange a phone call to discuss your application, so please ensure that we have correct contact details, preferably a mobile number and email. We will contact you within one month of the closing date. If there is a chance you might be away during this time, please attach a document with an alternative contact person and their details.

Using the selection buttons you can indicate where correspondence relating to the grant should be directed. If your organisation has an independent address but you wish correspondence to be directed to an alternative address, un-tick the option “Use organisations address” for correspondence and you will be presented with the opportunity to enter different/additional contact details.

**Organisation start date**

Please let us know the month and year that your group was set up or formally established.

**What type of organisation are you?**

You do not need to be a registered charity or company limited by guarantee to apply, but we do need to know more about the “status” of your organisation.

Please select all types of organisation which apply. If you are a registered charity please supply your charity number, if you are a registered company please provide your company number. If you check ‘other’ please specify what type of organisation you are.

**Are you part of a larger regional or national organisation?**

Please tell us if you are part of a larger regional or national organisation. If you are not please leave this blank.

If you are a sub-group or committee of a larger group, or a local branch of a national charity, we can only fund you if you can demonstrate that you operate independently. This usually means you have separate rules & regulations, an independent committee, a separate bank account and are responsible for generating your own income. Please explain this in the question on aims and objectives of your organisation.

**Income over the last accounting year**

Please let us know your organisation’s income over the last financial year. If you are a new organisation what is your income to date from your management accounts.

**Average yearly income**

Please let us know your organisation’s average income over the last three years. To calculate this add up the total income of your organisation in your last three complete financial years, and divide by three. If you have been in existence for less than three years please let us know the average income over the lifetime of your group to date. You may be asked to provide evidence of this.

**Living Wage**

As outlined in the Fund Guidelines we are now a Living Wage Friendly Funder. This scheme, run by the Living Wage Foundation means that The London Community Foundation will actively encourage and support applications from organisations willing to pay staff the Living Wage which is £9.75 per hour in London. We are asking groups to make their applications for any staff costs at the Living Wage rates, so please budget for this in the project’s staff costs. We understand that for some groups paying a Living Wage can be difficult for a number of reasons, we would like to work with groups to see how we can support you to enable you to pay a Living Wage.

**Staffing and volunteers**

Please let us know how many full and part time staff your organisation employs. If applicable let us know how many members and volunteers your organisation has. Your Management Committee may be known as your Trustee Board. (We recommend there is a minimum of 4 members)

**Please describe briefly the overall aims and objectives of your organisations and the activities or services your organisation provides.**

Please tell us about your group's aims and objectives and give a short description of what your organisation does at the moment (usually found in your governing documents).

If you are part of a larger regional or national organisation please explain your relationship here.

**To help us understand the difference you make please tell us how you have helped an individual in the past and the change your organisation has made to their life.**

Please provide us with a brief case study. Please ensure this contains a quote from someone you have helped.

**Please explain how you know that people in the community need your work and what evidence you have to demonstrate this**

We are interested in understanding more about the need for the project or activity. Have you undertaken any surveys, had feedback from current users, identified a gap in provision etc.? Is it because there is nothing else in the area? Has it been set up in response to local demand?

### **Bank Account Details**

Please provide the names and addresses of all authorised signatories on your bank account, please indicate if any signatories are related. Bank accounts should have at least two unrelated signatories and preferably three.

## **Section 2: About Your Grant Application**

### **Project name**

If your project has a name please put it here, if it has no name please leave this box blank.

### **Project funding start / end**

Please put the forecasted project start and end date. Please note that successful applicants will have a maximum period of 12 months from the offer letter date to spend the grant.

Funding decisions will be available by:

- Week commencing Mon. 6<sup>th</sup> November 2017 for 1<sup>st</sup> September 2017 applications
- Week commencing Tues. 8<sup>th</sup> May 2018 for 2<sup>nd</sup> March 2018 applications

You are advised to plan projects to start no earlier than 13<sup>th</sup> November 2017 (for 1<sup>st</sup> September 2017 deadline) or 14<sup>th</sup> May 2018 (for 2<sup>nd</sup> March 2018 closing date).

**Which part/s (area, estate/s) of Merton and/or Wandsworth do most of the people who will benefit from the project come from?**

Please tell us which part/s of Merton and/or Wandsworth the proposed project will benefit - this may be a specific area or estate.

**Which local authority will the activity mainly take place in?**

Please enter details of the local authority area where the activity will mainly take place. If the activity takes place across multiple boroughs please select the central one or the borough where your organisation is based. Please note that this fund is only eligible for projects taking place in Merton and/or Wandsworth.

**Please provide a postcode which represents the geographical area you will benefit.**

Please provide the postcode where most of your beneficiaries reside, if there are multiple places just pick one. If it is too difficult to distinguish please provide your organisation's postcode.

**(i). How are the people or community the proposed project will benefit disadvantaged, and what issues they face. (ii). Please state which 1 of the fund's 4 themes your project will primarily address, and the priority group(s) the work will benefit.**

Who is it that will benefit? This should ideally be people from one or more of the WFCF priority groups listed in the guidelines. You should also tell us which one of the WFCF's four themes your project will primarily address, as well as any others if applicable. We also ask for further information in Section 3 so make sure the two answers tie up.

**What would you like to do with the grant? What opportunities will this create? Please describe the FORMAT of your project or activity, giving specific details on WHEN, HOW OFTEN and WHERE it will take place, and the EXPERTISE of the people delivering it.**

This is where we ask you to tell us about what you need the money for. If you are applying for ongoing activities or new work, what is it that you would like to do i.e. describe the activities, giving project specifics; WHAT, WHEN, HOW OFTEN, WHERE, FORMAT & DELIVERY.

Please note that capital costs, core costs and one-off events or activities are NOT a priority for WFCF (please see Guidelines).

**Is this new work?**

Please tick this box if the work proposed is new for your organisation. If you are applying to continue existing work please leave this blank.

**Please explain the benefits and outcomes that you expect to achieve as a result of the funding?**

What are the benefits or outcomes of your project? An outcome describes the benefits or changes that will happen as a result of your work i.e. the impact your work is having. Quite often you are asked to describe your outputs, these are the actual products / services / activities that you will be providing. Please also detail any direct outcomes for beneficiaries.

**Please explain how you will collate, measure and report the benefits you describe in the question above.**

How will you measure this? You might have informal discussions with users, do questionnaires, gather people together in one place. You need to tell us how you will monitor and report on this project through the life of the grant. We suggest, for instance, that you keep a log of users of your services, participants on your courses, enquiries you deal with etc. You should also use this section to tell us how you will know whether you are being successful or not in meeting your objectives.

**Please tell us about your organisation's experience of helping people and the impact of your previous work; you may also want to tell us about the people involved in your project and why you are confident in their ability to make the project succeed.**

This is about your organisation's track record in delivering the proposed project or similar work you have delivered in the past. If you are new to delivering this type of work, please tell us about the skills you have in your organisation, that will help to ensure the project will achieve the intended impact. You can also tell us about any partners.

We need to see clear evidence of the outcomes and success that your previous work has had. For example: a NEET project – in the last year 30 out of 50 beneficiaries have gone back into full time education, 95% of beneficiaries reported an increase in confidence.

**How do you see this project/activity progressing after this funding comes to an end or do you see this as a one off project/activity?**

Some activities we fund will be one-off projects that don't ever take place again. You might be looking at running a pilot project that, if successful, you will organise again at a later date. You may also be asking for funding to support work you have been doing for several years. All of these activities are eligible, just tell us more here. Evidence may be required, for example, photographs, comments and views of people involved in the activity.

**Please tell us about local networks or partnerships your group is involved in, and in particular if you are working in partnership with local Merton or Wandsworth organisations to deliver this particular project (formally or informally).**

Tell us about any partnerships that you are involved in - especially if they are part of the delivery of your project.

### **Section 3: Impact**

You can help us to achieve our vision and mission by delivering projects that make a difference and – importantly – by gathering evidence to show how your project has made an impact. This information is essential if we are to encourage more donors to support our future work. To help you collect the kind of evidence we need, we have created a framework that measures the impact of our grants. There are six themes for this IMPACT framework:

- **Improve people's life skills, employability and enterprise** - We want to support a thriving city that creates opportunities for people to fulfil their potential, to become more self-sufficient and to build their confidence.
- **Maximise people's ability to strengthen community cohesion and build social capacity** - We want to strengthen and connect local organisations and improve local facilities so that people can live happier lives alongside each other.
- **Promote reduction of isolation and disadvantage and access to services** - We want people to be connected in their local communities and to their local services, so everyone has a chance to be included.
- **Advance people's physical and mental health, wellbeing and safety** - We want people to feel safe and connected in their communities, and to have more opportunities to improve their physical and mental health.
- **Connect people with the arts culture and heritage** - We want to create a city that values and takes pride in the excellence and diversity of arts and culture, where everyone feels encouraged to participate, and their efforts create a lasting legacy.
- **Transform people's access to, and engagement with, their environment** - We want to create a city that promotes and creates a safer, healthier, and more sustainable environment, where people in urban areas feel free and welcome to access community spaces.

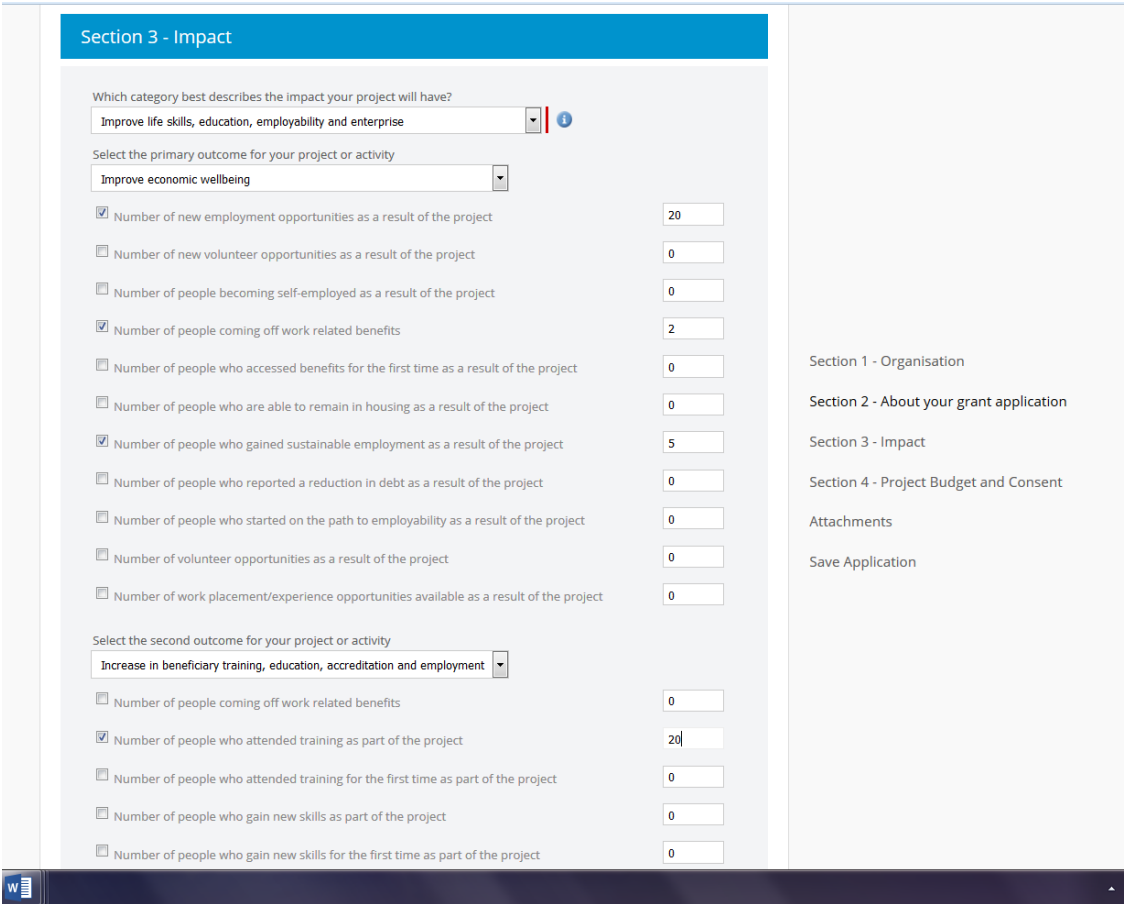

When applying you have to choose **four outcomes** to report on, two of which will need to be linked to **one of the IMPACT themes**. The others can be any of the other outcomes listed. You will also have to choose up to **three indicators** per outcome to report on and set targets that you think you will achieve over the life of the project.

We have written a guide and helpful tool on how to choose the outcomes and indicators – Please see appendix A for details.

**To complete the impact section on the form**

1. Select the theme from the drop down list – this will give you the range of outcomes in the drop down list attached to the impact theme
2. Then select your 1<sup>st</sup> outcome from the drop down list
3. This will then open up the available indicators – select the indicators and fill in the anticipated numbers. **Please remember to tick the indicators that you have selected**
4. Then select your 2<sup>nd</sup> outcome from the drop down list
5. This will then open up the available indicators – select the indicators and fill in the anticipated numbers. **Please remember to tick the indicators that you have selected**
6. Then repeat for your 3<sup>rd</sup> and 4<sup>th</sup> outcome – these can be any of the others from the full list of outcomes across all themes
7. The indicators will show for your chosen 3<sup>rd</sup> and 4<sup>th</sup> outcome – select the indicators and fill in the anticipated numbers. **Please remember to tick the indicators that you have selected**

For an example see the picture below:

### **How many people will directly benefit from this grant?**

Please estimate how many people will directly benefit from any changes to your organisation which are as a result of this funding, throughout the funding period. We realise that you cannot give exact figures but please estimate as accurately as possible. This information is important and will be used to evaluate the project at the end of the grant period.

### **Other people benefiting**

Tell us about other people who will benefit from your project or service. For example family members who are not taking part in the project.

### **Beneficiaries**

From the **drop down list**, please click on the one group that best reflects **the majority** of the **beneficiaries** of your organisation, this will then be entered in the selection box. On doing this you will then be presented with a series of check boxes, tick any other relevant groups that will be affected. Please don't tick them all if they don't apply, just think about who the primary beneficiaries will be. This doesn't have to be 100% accurate, you're just giving an indication.

### **Ethnicity**

From the **drop down list**, please select one **ethnic** group that best reflects **the majority** of the users of your organisation and enter it in the box provided. Then, using the check boxes, tick any other ethnic groups that will be affected. Please don't tick them all if they don't apply, just think about who the primary groups will be. Again, this doesn't have to be 100% accurate, you're just giving an indication.

### **Issues addressed**

We are interested in the **Issues** that will be addressed by this grant. From the **drop down list the primary** issue that will be addressed by this grant. Then, using the check boxes indicate any other issues that will be addressed.

### **Age group**

We would be interested in knowing which **Age groups** would benefit from this grant. Please enter in the text box / dropdown the age group that represents **the majority** of the beneficiaries of your organisation. Then, using the remaining check boxes indicate any other age groups that will benefit.

## **Section 4: Project Budget and Additional Information**

### **Project Budget**

This section asks you to provide details regarding the amount of money you are applying for and what type of items you will be spending it on.

### **What is the total cost of the project?**

If you are asking us to fund part of a staff salary, for instance, what is the total salary each year?

If you are asking us to contribute towards a project or activity, what are the total costs?

### **How much has been raised so far?**

If you are not asking us to fund the full costs, how much have you raised already?

## How much money are you applying to us for?

Please enter the amount of funding you are requesting from us.

## Are you seeking other funding towards this project?

Tell us here if you are applying to other funders for funding towards the work, if yes please provide details.

## Budget breakdown

Here you itemise the costs that will be incurred in running your project. The headings (staff costs, volunteer costs, etc) are examples of types of costs and the amount – you do not have to put a cost in each heading if it does not apply but there may be others that you need to include.

There are two cost boxes, one for the **total project cost for that type of cost** and one for the **amounts you are applying to us under that cost heading**. The cost breakdown also allows you to enter the details behind the cost summary. These details should only refer to the elements of the project that are covered by your grant from us. Please give us a full breakdown of the costs as shown in the example below.

Appendix A

**IMPACT ASSESSMENT**

**A guide on how to choose the outcomes and indicators for your application**

**The London Community Foundation's vision** is of a strong and generous London where residents, business, government and civil society are inspired to act for the benefit of all who live in the city, leading the way in social action and philanthropic activity. **Our mission** is to make a difference to the lives of Londoners by connecting people who need help with those who are willing to give. We are dedicated to improving the lives of London's most disadvantaged. Child poverty, unemployment, isolation, homelessness, domestic violence and gang crime are just some of the issues we are tackling through our grant making.

You can help us to achieve our vision and mission by delivering projects that make a difference and – importantly – by gathering evidence to show how your project has made an impact. This information is essential if we are to encourage more donors to support our future work. To help you collect the kind of evidence we need, we have created a framework that measures the impact of our grants. There are six themes for this IMPACT framework:

- **Improve people's life skills, employability and enterprise** - We want to support a thriving city that creates opportunities for people to fulfil their potential, to become more self-sufficient and to build their confidence.
- **Maximise people's ability to strengthen community cohesion and build social capacity** - We want to strengthen and connect local organisations and improve local facilities so that people can live happier lives alongside each other.
- **Promote reduction of isolation and disadvantage and access to services** - We want people to be connected in their local communities and to their local services, so everyone has a chance to be included.
- **Advance people's physical and mental health, wellbeing and safety** - We want people to feel safe and connected in their communities, and to have more opportunities to improve their physical and mental health.
- **Connect people with the arts culture and heritage** - We want to create a city that values and takes pride in the excellence and diversity of arts and culture, where everyone feels encouraged to participate, and their efforts create a lasting legacy.
- **Transform people's access to, and engagement with, their environment** - We want to create a city that promotes and creates a safer, healthier, and more sustainable environment, where people in urban areas feel free and welcome to access community spaces.

There is a lot of information about impact assessment and the outcomes approach to project evaluation. You may find the following websites helpful:

<https://www.ncvo.org.uk/practical-support/consultancy/ncvo-charities-evaluation-services>

<http://www.evaluation.org.uk/>

<http://mande.co.uk/>

<http://network.youthmusic.org.uk/learning/youth-music-evaluation-builder>

There are a number outcomes – or changes – we want to measure for each theme, and a series of indicators to show evidence of change in a measurable way. When you apply for a grant you will need to choose the theme, outcomes and indicators that you will report against, once you have completed your project.

What do we mean by:

**An Outcome?**

Outcomes are the changes, benefits, learning and other effects that you can attribute to your projects activities they`re the difference your project makes (CES, 2005)

**An Indicator?**

Indicators are the evidence you collect to show your progress in achieving the outcomes of your work. They may be about the number of people who have achieved something or feel different.

**Collecting evidence.**

In order to provide the numbers etc. for your report it is best to plan before you start the project how you will collect the evidence. You could consider taking registers of people who attend for example a training course, carry out interviews, and provide questionnaires for people to complete.

## **Monitoring and Evaluation**

When your funding comes to an end you will have to complete an online monitoring report in which you will have to tell us about how well you did in achieving your chosen outcomes and indicators. It's therefore very important for you to plan how you will collect the evidence to support your report. If you are successful in getting your work funded we will send you details of the reporting requirements with the offer letter.

### **Why do we ask you to report?**

Simply, we would like to know how the project has gone including what worked and what didn't. The report is both beneficial for you and us, The London Community Foundation.

### **What does The London Community Foundation use the information for?**

We require monitoring for various reasons. Firstly we have a responsibility to ensure grants are used properly to deliver high-quality projects that achieve relevant outcomes.

The London Community Foundation takes pride in gathering evidence from the information reported that allows us to make informed decisions when developing future funding programmes. By deciphering results we obtain from your monitoring we have the ability to identify gaps in provision and develop our knowledge about different types of work and the impact they're capable of having, building our expertise as grant maker. We're also able to tell the story of your work to other potential donors.

We use this **impact assessment framework** to collate relevant outcomes and indicators enabling us to evidence the positive difference the groups we have funded are making.

### **How will the report help you?**

The report will allow for you to develop your practice from reflecting on work carried out. As an organisation your monitoring will act as evidence amplifying your ability to deliver a project effectively and efficiently for prospective funders, investors, etc. Your monitoring report has the ability to generally feed into the improvement of your organisation. It's down to you as to how much you put into your process of monitoring and evaluating and subsequently how much you benefit from it.

## **What is the difference between monitoring and evaluation?**

### **Monitoring**

- Monitoring is about collecting information that will help you answer questions about your project. It is important that this information is collected in a planned, organised and routine way. You can use the information you gather to report on your project and to help you evaluate' (Charities Evaluation Services).
- Monitoring is an on-going task that would have already started at the planning stages of a project. You would have collected key information on a variety of things relating to your project. Before you started the project you chose various outcomes and indicators to measure your work against – these are what you have to monitor your work against.
- Monitoring allows results, procedures and practices to be recorded and eventually acts as a catalyst to direct, develop and learn. The information obtained from monitoring is then used for evaluation purposes.

### **Evaluation**

'Evaluation is about using monitoring and other information you collect to make judgements about your project. It is also about using the information to make changes and improvements' (Charities Evaluation Service).

A good evaluation should be an objective assessment. The evaluation is in essence an appraisal of your findings, looking into themes as such relevancy, effectiveness, efficiency, impact and sustainability.

## Applying for Funding

When applying you will have to choose **four outcomes** to report on, two of which will need to be linked to **one of the IMPACT themes**. The others can be any of the other outcomes listed. You will also have to choose up to **three indicators** per outcome to report on and set targets that you think you will achieve over the life of the project.

In order to choose the theme that best fits your project we would advise that you read through the whole list first and pick the outcomes that best reflect what you are hoping to achieve. Once you have picked those outcomes, you can work upwards to find a theme and sideways to identify indicators. It is very possible that your project may fit into more than one theme, but choose the one with the best outcomes for the specific work funded by this grant. You will need to give us realistic target numbers for each of the indicators you have chosen. Please make these a best guess and do not overestimate the numbers you might achieve – be honest with us! High numbers will not help in the assessment process when we come back and question you on them. We need to believe that they are achievable.

Remember if you have any questions on this or need help with the application form please call us on 020 7582 5117 or email [applications@londoncf.org.uk](mailto:applications@londoncf.org.uk)
